## HYDRAFACIALMD

One System: Multiple Menu Items

### What is the Hydra Facial?

- « The newest breakthrough in skin resurfacing technology
- « A non-invasive, non-irritating exfoliation alternative to other ablative treatments, which produces comparable outcomes in skin rejuvenation, anti-aging, and acne-prone/oily skin treatment
- « The only procedure that integrates cleansing, exfoliation, extraction and hydration simultaneously

### The Value:

- « The ability to hydrate the skin sets the HydraFacial apart from all other skin resurfacing procedures
- « Effortless & painless extraction, due to the multi-faceted spiral abrasion tip combined with serums that soften, lift, and extract sebum & impurities
- « The capability to custom-blend active serums for different skin conditions
- « Non-irritating & hydrating ingredients for long-lasting hydration on all skin types, even the most sensitive skin
- « Interacts with other modalities; can be used as a pre- or post-treatment for laser treatments or as a maintenance treatment

### Features:

Serum-Based Skin Resurfacing System Multiple Modalities that Work Together on One Platform with Tutorials!

### What results are to be expected?

- « Visibly reduced fine lines & wrinkles
- « Diminished hyperpigmentation (melasma / brown spots)
- « Improved acne-prone skin; less oily
- « Refined skin tone & skin texture
- « Reduced under-eye puffiness
- « Hydrated skin; improved suppleness & elasticity of skin

### How does it work?

The HydraFacial™ exfoliates dead skin cells and extracts impurities with a vacuum-based skin abrasion tip while simultaneously bathing the healthy underlying skin with active serums that cleanse deeply, exfoliate thoroughly, hydrate completely & provide residual antioxidant protection.
